

PRODUCT SAFETY WARNING

15 oz. MUGS

Issue: Canterbury Potteries, LTD. Has discovered that a small number of the 15 oz. Coffee Mugs included in the Bob Timberlake 16 pc. Cedar Lake Dinnerware Sets sold by Bass Pro Shops have a potential hazard. When hot liquids are initially poured into the mugs or if they are heated in a microwave oven the mugs may crack and/or the bottoms fall off. If the mugs have been used previously without issue then the problem is not likely to occur upon future use.
