

SAFETY NOTICE

Leatherman Announces Recall of Leatherman Leap Multi Purpose Tool

Hazard: The lock mechanism on the optional knife blade can inadvertently release the blade, posing a risk of laceration.

Recalled Product: Leatherman Leap sold August 2014 – September 2014 nationwide.

Remedy: Consumers should not install the optional knife blade or should immediately stop using the multi-tool with the installed optional knife. Contact Leatherman for a free replacement multi-tool, including shipping.
